EDUCATION

Arizona State University
BS Computer Science *GPA: 4.0*

Tempe, AZ
August 2022 - May 2026

WORK EXPERIENCE

Microsoft
Small-Medium Business Ambassador

Hybrid - Tempe, AZ
Sep 2022 - Dec 2022

- Communicated effectively with small to medium business clients to understand their needs and concerns, troubleshooting Microsoft product problems and providing high-quality support
- Collaborated with other ambassadors to resolve complex client issues, contributing to overall customer satisfaction and a positive team environment
- Contributed to the development of open-sourced documentation for resolution to client problems, showcasing a commitment to continuous learning and knowledge sharing

Meta4 Capital
Data Science Intern

Remote
May 2022 - Nov 2022

- Developed and launched a web application to collect and analyze data from OpenSea, demonstrating technical skills and a strong problem-solving ability
- Communicated effectively with stakeholders to understand news on cryptocurrency and technical terms related to the field, showcasing strong communication and interpersonal skills
- Explored blockchain technology and applied it to projects, demonstrating a commitment to learning and a strong interest in emerging technologies

Drone Cadets
Software Engineering Intern

Remote
Nov 2021 - Dec 2021

- Enhanced the augmented reality (AR) experience on the Drone Cadets app, demonstrating a strong ability to learn and improve technical skills
- Collaborated with an international software team to deliver high-quality software projects, showcasing effective teamwork and communication skills
- Coordinated meetings and contributed to discussions with the software team, demonstrating strong organizational and interpersonal skills

PROJECTS

Simple Calculator - Glassmorphism (Web Development/Design) *HTML, CSS, JavaScript*
guijunzhang.github.io/Password-Generator

Created a four function (+ - × ÷) calculator and utilized modern design principle glassmorphism

Simple Password Generator (Web Development) *HTML, CSS, JavaScript, Figma*
guijunzhang.github.io/metric-imperial-unit-conversion

Website that generates password with a maximum length of 20 that can contain numbers, characters, and symbols.

Metric/Imperial Unit Conversion App (Web Development) *HTML, CSS, JavaScript, Figma*
guijunzhang.github.io/simple-calculator-glassmorphism

Metric and Imperial unit conversion website that allows users to input a number and converts that number between length (meter/feet), volume (liters/gallons), and mass (kilograms/pounds).

CERTIFICATES

Google UX Design Specialization

Coursera

Those who earn the Google UX Design Professional Certificate have completed seven courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in UX design. They can complete the design process from beginning to end: empathizing with users, defining their pain points, coming up with ideas for design solutions, creating wireframes and prototypes, and testing designs to get feedback.

Nov 2022
